IBERICO CEBO HAM 50% IBERICO BREED

Boneless - REF: 58MT

Naturally air dried in the Spanish mountains.

This ham comes from the autochthonous Spanish Iberico pig crossed with Duroc. The peculiarities of these breeds accompanied by a natural diet and slow growth result in optimal marbling.

A long and natural curing process allows us to get excellent aromas and flavor from each piece, each one reaches its perfection at a different moment.

Tasting note: meat is a deep red, marbled. Smooth fat and low melting point. Very aromatic with long-lasting flavor, and a creamy, melting sensation in your mouth.
